[From our Extra of Yesterday.]

Arrival of the Santa Cruz.

Government Steamer Loaded with Recruits for Fort Sumpter Fired into by the South Carolina Troops.

FORTS IN LOUISIANA AND NORTH CAROLINA TAKEN BY THE STATE TROOPS.

General Prospects of a Collision Between the Federal and State Troops.

By the arrival of the steamer Santa Cruz this morning, we have late and stirring news from the States. The South Carolinians have fired into an U. S. steamer, and war may be said to have commenced. States' dates are to the 10th Jan., and San Francisco dates to the 29th:

St. Louis, Jan. 8th.

In the House, on the 27th, Mr. Cobb of Alabama, rose to a personal explanation. He explained that he was for an adjustment in the Union, and exhausting every effort before dissolution. He appealed to Northern men to try and preserve the Union.

A resolution was introduced, approving the act of Major Anderson, and promising to support the President in the enforcement of the laws.

It was passed under a suspension of the rules—124 to 56.

In the Senate, Crittenden spoke in favor of his resolutions.

Mr. Toombs made a secession speech.

Both Houses then adjourned to Wednesday.

The New York Times' correspondent, of the 7th January, says that Commodore Shubrick has returned from Charleston, and reports great consternation there; complete disorganization, and section arrayed against section, which will make head if not suppressed by Georgia and other sympathizing States.

The correspondence between the President and the South Carolina Commissioners has been published there.

The apprehension and alarm in Washington has greatly diminished.

The Flying Artillery from Leavenworth Castle Barracks had arrived at Fort McHenry.

The Committee of the Representatives of the Border States, on Friday night, agreed upon a general compromise, which was reported to the caucus of Republican members, but subsequently rejected by them unanimously.

The Governor of Mississippi has ordered the artillery to prepare ball cartridges.

Fort Morgan was taken possession of by the Mobile troops, on the morning of the 4th, and garrisoned with two hundred men.

The South Carolina Convention adjourned on the 4th, subject to the call of the President.

Fort Sumpter was not besieged on the 2nd.

The Postmaster of Charleston writes that Postmaster General Holt holds him responsible to the Federal Government for the accruing revenues. For the present, postal affairs continue unchanged.

The workmen spent Sunday in making cartridges.

All over the North enthusiastic meetings have been held sustaining Major Anderson; guns have been fired in the principal cities.

The people generally call for an enforcement of the laws, and in many places movements are on foot for the organization of military, whose services are to be tendered in support of the Government. These movements have been discontinued by some of the Republicans, who hope for an adjustment.

The bill to arm the State of Missouri has been introduced in the Senate, and also a Convention bill.

Lucius Woodruff, of Northampton, N. C., was barbarously murdered by his slaves. They have been arrested. It is rumored that Abolitionists were at the bottom of the crime.

LATER.

The Tennessee Legislature met to-day. The Governor recommends the question of calling a convention to be left to the people. On refusal thereof, Tennessee should maintain her equality in, or independence out of the Union. He also recommends the organization of the militia and the purchase of arms.

The immediate secessionists carried New Orleans yesterday.

The Virginia House yesterday unanimously appointed a Committee to report a Convention bill. The excitement has somewhat subsided.

The Alabama Convention was very quiet. Phillips, Secessionist, was elected temporary Chairman. Brooks was elected permanent President over Jamison. Fowler, Secessionist, was elected Secretary.

A detachment of troops will leave Boston for Florida to-morrow.

A number of marines have been ordered South from the Charleston Navy Yard.

Col. Young has been removed by Floyd as Inspector of Ordnance.

Commodore Kearney has withdrawn his resignation on account of the doings at Charleston.

St. Louis, via Fort Kearney, Jan. 9.

Secretary Thompson has resigned, on the ground that the Secretary of War has sent reinforcements to the South, without consultation with the Cabinet, after the distinct understanding that it should not be done. The sending of the Star of the West is a fact.

The Mississippi ordinance for immediate secession, was unanimously agreed upon in committee yesterday. The excitement was intense.

Augusta, Ga., Sat. 10.

The Charleston Courier of to-day, says that, at about half-past six o'clock yesterday (the 9th), the steamer Gen. Clement discovered the steamer Star of the West, and signalled the fact of her approach to the occupants of the batteries on Morris Island. So soon as the signals were seen by those on guard there, Morris Island was astir with men at their posts. Before the order could be given them to prepare for action, they remained in anxious suspense, but ready for what they believed was sure to come, a volley from Fort Sumpter. The Star of the West rounded the point, took the ship channel instead of the bar, and proceeded straightforward until opposite Morris Island, about three-fourths of a mile from the batteries. A ball was then fired at the bows of the steamer. The Star of the West displayed the stars and stripes. So soon as the flag was unfurled the fortifications fired a succession of heavy shots. The vessel continued on her course, with increased speed; but two shots taking effect upon her, she concluded to retreat. Fort Moultrie fired a few shots at her, but she was then out of range. The damage to the Star of the West was trifling, as only two out of seven shots took effect upon her.

Fort Sumpter made no demonstrations although at the port-holes guns were run out bearing on Morris Island.

Major Anderson has dispatched a message to Washington asking for advice.

A New York dispatch of the 9th states that the sloop of war Brooklyn had just put to sea and passed the Capes at 2 p. m.

Mississippi has passed the ordinance of secession.

PREPARATIONS FOR BATTLE BY THE CHARLESTONIANS.

CHARLESTON, January 10.

Dispatches stating that the sloop of war Brooklyn is coming here with an armed force, created intense excitement. Great preparations are being made in the harbor to receive her. A steamer called the Marion, of the Charleston and New York line, had been purchased by South Carolina, and ordered to be rigged for a man-of-war. Her upper cabins to be taken off, and she is to be supplied with a complete armament. The buoys in the harbor have been removed. The Brooklyn will be fired into. Fort Sumpter will then open its fire on the South Carolina fortifications, and the fight will become general. The people are preparing for it, and for the worst. The Brooklyn cannot come in without a great fight, and Anderson will protect her. He only pledged himself not to prevent communication between the South Carolina forts until Lieut. Talbot came back. A steam-tug called the Aid, left the wharf to-night for the purpose of reconnoitering. She is mounted with one gun, and is under the command of Lieut. Hamilton, formerly of the Federal army. There is much talk of sending to Savannah for vessels to act as gunboats.

A committee of the House of Delegates of Virginia prepared a bill on the 9th, fixing on the 18th of February for the meeting of the Convention. On the 7th, at the meeting of Delegates, a resolution for an appropriation of ten millions of dollars for a defensive military force, was referred.

The President, on the 9th, sent a special message to Congress, stating that we are in the midst of a great revolution, and that there is no alternative but to collect the revenue, and protect the public property, as far as practicable under existing laws; that it devolves on Congress, under existing laws, the power to declare war and remove grievances which may lead to war, to act in the present emergency. He recommends the Missouri Compromise line adjustment.

He says the Forts and Arsenals have been seized by aggressive acts, and Congress should endeavor to find for these difficulties a peaceful solution. Anderson has faithfully but imperfectly performed his duty.

He gives as his reasons for not sending troops to Charleston, the belief that it would furnish a pretext, if not provocation, for aggression.

The message was discussed in the House, and a motion to refer it to a special committee to inquire into the whole subject, with power to send for persons and papers, was carried—103 to 62—and committee appointed.

In the Senate, an exciting discussion took place. St. Louis, via Fort Kearney, Jan. 10—12 m.

The Albany Journal announces officially Mr. Seward's acceptance of the position of Secretary of State. It was tendered in December.

Trumbull has been re-elected to the United States Senate from Illinois.

Gov. Merrill has been elected Senator from Maine, vice Hamlin.

John A. Dix has been summoned to Washington, to take a seat in the Cabinet.

Washington special dispatches say that the Cabinet is deliberating on the arrest of Toombs and Wigfall, for high treason.

The Virginia House passed the section of the Convention bill, designating the 4th of February for the election of delegates.

Russel has been released on bail; his friends gave one million.

St. Louis, Jan. 11.

Four shots from Fort Moultrie took effect on the steamer Star of the West. It is thought that she will be sent back with a naval force, if the President does not change his mind.

Military expeditions have left New Orleans to seize Fort Jackson, (near New Orleans,) Fort Pike (which protects the Rigolette, of entrance to Lake Pontchartrain,) and Baton Rouge Arsenal.

Forty United States soldiers arrived here (St. Louis) this morning from Jefferson Barracks, for the purpose of guarding the Sub-Treasury in this city. They are stationed around the Custom-house.

The Louisiana forts and arsenals have been seized by the State.

The New York Legislature has denounced the secessionists and applauded the President.

Two forts have been seized in North Carolina.

Troops have been sent to Florida to protect the U. S. property.

The Florida Convention has decided to secede; Alabama has not yet expressed an opinion.

California.

Edward S. Bonney has been arrested at San Francisco, charged with the murder of Mr. Hirsch, a bookseller, whose body was recently found with its throat cut near San Antonio. They are supposed to have gone out riding together, and Bonney killed him.

Geo. P. Swift of Sonoma, was robbed some months since of \$24,000 in slugs, and a portion of the money has just been recovered and the thieves detected.

Horace Smith, the inhuman murderer of Samuel T. Newell, will shortly be placed on trial.

A meeting of the creditors of the Lady Adams Company, held on Friday night, passed resolutions exonerating the partners of Mr. Stockfleth from any complicity or blame in the speculations which the suicide conducted by the aid of their credit.

A grand Union demonstration by the military is in contemplation for the 22d of February. They think to have a speech from some foremost man in the State. Good.

Europe.

Lord Dalhousie is dead.

A severe snow storm had visited various parts of England.

A report prevailed of a fruitless attempt to assassinate the King of Italy.

A movement is on foot having for its object the annexation of Rome to Sardinia.

The political news is unimportant.

HOLLOWAY'S OINTMENT AND PILLS.—Quinsy, Sore Throat and Diphtheria.—With the fog, damp winter evenings, the human throat becomes subject to many diseases, particularly inflammation and ulceration. In quinsy or inflamed throat, Holloway's Ointment well rubbed upon the top of the chest and round the throat, after those parts have been bathed in warm salt and water and dried, has a wonderful power in checking the inflammation and removing all the unpleasantness and dangers caused by quinsy. Holloway's Pills should be taken at the same time, as they relieve the general fever.

NOTICES.

NOTICE.

The Victoria Gas Co. (Limited.)

AT AN ADJOURNED GENERAL MEETING OF this Company, held at the Office of Messrs. J. F. Little & Co., Wharf street, on the seventh inst. it was moved and carried that a public notice should be given to all persons who had signed the original list of Shareholders, and who had neglected to sign the Registered Bill, as by law required, allowing thirty days from that date to sign their names to the Registered Bill, otherwise their right to allotment of shares to be forfeited.

Notice to Subscribers.

Subscribers to the DAILY or WEEKLY BRITISH COLONIST, in British Columbia or Washington Territory, are hereby notified that on and after this date all papers will be sent by MAIL, unless specially ordered by some other conveyance.

VICTORIA, Nov. 17th, 1860.

Thursday Morning, Feb. 7, 1861.

Back Again.

In the New Westminster Times, of the 2d instant, the editor makes his bow to the good people of that aspiring "city," and conveys to them the highly important intelligence that as a "matter of necessity," he is about to leave them, having elected to become a permanent resident of Victoria. The article in question can scarcely be called a vaudeville, for at the same time that he makes the announcement that the time of his departure is at hand, he also intimates that the New Westminster Times will return again to the place from whence it came, and in Victoria continue to shed the healthful influence of its radiant beams of light on British Columbian affairs.

It is to be feared that New Westminster will seriously feel the loss of so highly valued a citizen as the gentleman who so efficiently—if not altogether satisfactorily—filled the Presidential chair of that town, as the chosen head of the municipality. What will our neighbors do without a head—and such a head—to guide their delicate bark in safety through the troubled breakers of political agitation? We much fear they "ne'er will see his like again." However, he has left them the very consoling promise that "on the first request of the people," he will pick up his traps and return once more "to the scene of his former labors," taking the Times with him. He has, doubtless, actuated by motives of pure patriotism, "left the country for the country's good," and when the people deem it necessary to invite him back again, he magnanimously pledges himself to obey the summons. We are informed that another paper will take the place of the Times, called the "British Columbian," and if it will only advocate such principles as are pleasing to the ex-President, and not at "variance" with what he conceives to be for "the interests of the country," it shall always, they are assured, have his "warmest support." What gracious condescension—and how thankful the Westminsterites ought to be that they have the promise of "warm support" from one whose literary ability and political integrity are so well known and highly appreciated. But while it is a very consoling thought to the people of New Westminster, that the ex-President, though absent from them in body, will extend the benefit of his watchful care over their "interests" as well as "principles," we do most sincerely hope that the "British Columbian" may be so conducted as to fully meet their requirements and anticipations, without being under the necessity of again seeking the counsel and aid of the distinguished ex-President. We are led to express this wish from the fact that having entered into an alliance with Messrs. Cary & Co. to devote his talents to the arduous task of keeping their sinking bark above water, and to whitewash their many political sins and iniquities against the rights, privileges and liberties of the people of this colony, as well as the present and future progress and prosperity thereof, he will doubtless have but little time on hand to devote to British Columbian affairs; and consequently, to rely on his promises—which we are persuaded our neighbors will not—would be to depend on a rotten stick. We shall hail the appearance of the "British Columbian" as a welcome co-worker in the cause of liberal and constitutional reform, feeling quite assured, from the knowledge we have of the character and standing of those under whose management and control it will be, that it will do good service in the cause, maintain the rights of the people, and exert a potent and healthy influence on the future destinies of the country, quite independent of the proffered aid or assistance of so doubtful a political engine as the defunct New Westminster Times.

Prorogation.

The long expected and long deferred prorogation of the Assembly occurred yesterday afternoon. Very few persons indeed were present—some six or seven ladies and four or five gentlemen in the gallery, and three or four gentlemen in the lobby. The usual pomp and circumstance on such occasions were not displayed. If it had, 'twould have been all an "empty show;" for, judging from the little interest taken in the prorogation, it was anything but flattering to the Legislature, and apparently indicated that the Executive and Legislature had entirely out-lived the little "fleeting popularity" they once possessed. As was expected, the speech from the throne was very brief, glossing over with official courtesy the many sins of omission and commission, and expressing satisfaction at the deliberations of both branches of the Legislature. We shall early take occasion to compare the speech with the facts; but defer for the present, owing to the pressure of important news.

The British Colonist the Only Newspaper.

One by one all the local cotemporaries of the BRITISH COLONIST have disappeared. We alone are the only newspaper now published in British Columbia and Vancouver Island. On Saturday last the New Westminster Times, the last of the government organs, breathed its last. The Westminsterites gave it a choice, to sell out, or they would start a popular paper and dry it up. The latter result was inevitable if the paper appeared, so the former proposition was accepted. It requires no commentary on our part therefore, to show which way the popular current sets; or how strongly it runs against Gov. Douglas's policy. The bare fact of every government organ dying out is a reason clear enough to convince the most incredulous that his policy is considered highly detrimental to the interest of the country. But how much more strongly does it prove the Colonist to be the "people's paper," the representative of the popular mind? All attempts to injure its circulation having proved fruitless, the Colonist is left sole master of the field; on us has several times devolved the important task to write the obituaries of our Obstructive cotemporaries. We can only again thank our patrons for their generous support; assuring them that the DAILY and WEEKLY COLONIST will ever speak out in unmistakable language the feelings of the country, without fear, favor or affection.

The steamer Santa Cruz yesterday brought 75 tons of freight—principally Oregon produce.

Dr. Wm. Hall's Balsam, a Great

remedy for COLD and CONSUMPTION.—Port Lari-
nales, Shelby Co., O., June 18, 1859.—Messrs. A. L. Scoville & Co.—Dear Sirs: I formerly lived in Filmore, Putnam county, Indiana, and while I was there I was attacked with a violent cough, which reduced me very low, and I tried several remedies, all to no purpose, and finally one of my neighbors came and told me about Dr. Wm. Hall's Balsam for the Lungs, being very highly recommended for such diseases, and by recommendations I was induced to try the remedy. I used only TWO BOTTLES, and it CURED ME.

Important Land Sale

OF

##

Thursday Morning, Feb. 7, 1861.

LOCAL INTELLIGENCE.

Prorogation of the House of Assembly.

Present—Speaker Helmcken, Messrs. Coles, Crease, Green, Southgate, Gordon, Cary, Franklin, Tolmie, McDonald.

The only business brought before the House was the petition to the Secretary of State, relative to the Indian Titles to land in this Colony, which was unanimously passed.

At 2 o'clock the Clerk of the Council announced His Excellency the Lieutenant-Governor, who immediately entered the Assembly room, attended by the Hon. Chief Justice Cameron, Hon. Mr. Work, and Hon. A. J. Langley.

The Speaker presented His Excellency with the petition of the House relative to the extinction of Indian titles to lands in this Colony; and stated that it was the desire of the House that His Excellency would press for the favorable consideration of the Secretary of State, as the desire of the House was to avoid in future a repetition of the annoyance already felt by settlers on the lands of Salt Spring Island and Chemainus, where the Indians had been very troublesome. The Speaker also stated that the House had passed a bill of supply for £430, that they had not received any intimation of its being accepted by the Council, and that the reason the bill was not for a larger sum, was not from any desire in the House to cripple the working of the Government; but that the House had before refused the salaries for the two clerks, and for that reason could not reconsider the matter during the present session; also that the House did not know what amount the Revenue could afford for the purposes mentioned in that bill of supply. If the bill was not accepted by the Council, and His Excellency found it necessary for the welfare of the Government to expend the money voted by that bill, the House would provide for the expenditure at its next session.

His Excellency the Governor, then delivered the following speech:

Hon. Gentlemen of the Legislative Council and Gentlemen of the House of Assembly:

In releasing you from the labors of the session, I desire to express my satisfaction at the result of your deliberations.

It is indeed impossible to review the many important measures which you have passed this session without feeling that you applied yourselves to the performance of your arduous duties with a degree of zeal and assiduity worthy of the highest praise.

Those measures embrace almost every department of the public business. The Free Trade system, before initiated, has been confirmed, and become an essential part of our policy; you have also been careful in providing for the better administration of criminal justice; the formation of roads; the improvement of the harbor of Victoria; the Registration of Titles to real estate; and other useful measures have been passed, which will no doubt tend to promote the permanent interests of the colony.

The interesting experiment of defraying the expenses of the government by direct taxation so propitiously begun will I trust not disappoint the anticipations of the Legislature.

Gentlemen of the Legislative Assembly.—I have to convey to you my warmest thanks for the supplies which you have granted for the services of the year, and for the erection of public works essential to the progress of the colony.

I sincerely hope that the blessing of Almighty God may rest upon our labors, and render them subservient to the substantial prosperity and well being of the colony.

Chief Justice Cameron then notified the House that it was His Excellency's desire that they should be prorogued until the third day of April next, and the legislators departed for their homes.

NEW PRESS.—On the arrival of the Panama from San Francisco, we shall be in receipt of one of Gordon's new patent fast job presses, imported expressly for our use from New York. This press is capable of making from 1500 to 1800 impressions per hour, and the work done by it is superior to all other apparatuses of the kind heretofore invented. A great reduction has recently been made in the prices of job printing done at the COLONIST office, and when our new press arrives a still further reduction will be made.

ANOTHER RACE.—Another race will come off over the Beacon Hill course, on Friday. "Gray Bill," a gray gelding, will contest with "Punch," a bay gelding, for a purse of \$1000—mile heats, best two in three—play or pay. Heavy outside bets are pending on the result. Both animals are well known here, and have both acquired considerable notoriety from quick time made in former races.

FUNERAL.—The funeral of Edward B. Portman, who died so mysteriously at the American Saloon, on Sunday morning morning last, took place yesterday afternoon from the Hotel de France. The remains were inclosed in a handsome coffin, placed in a hearse, and followed to their last resting-place by the relatives and friends of deceased, dressed in deep mourning.

THE INQUEST.—Owing to the arrival of the Santa Cruz yesterday morning, and the absence of several important witnesses in the case, the further hearing of evidence as to the circumstances attending the demise of Edward B. Portman, was postponed till 10 o'clock this morning.

THE CHINESE "LOOT."—The "loot" captured from the Emperor's palace at Peking will be on exhibition at Spangberg & Co.'s old store to-day. Ladies will find many articles of interest among the collection.

The steamer Eliza Anderson left for ports on the Sound at 10 o'clock yesterday morning.

The Post Office.

Post Office, Feb. 6th, 1861.

EDITOR BRITISH COLONIST: With regard to an article that appears in your edition of this morning, reflecting on the Postmaster in having closed the office from 2 to 4 on Tuesday, I can only say that your correspondent must be a person of rather illiberal mind to grudge two hours enjoyment to a poor official and his clerk on a day of general hilarity and enjoyment, in which nearly all classes partook. I also beg to say that the office was re-opened as advertised in the window, at four o'clock, and for some time after; and lastly, that no Overland Mail ever leaves this office per Eliza Anderson.

I remain, sir, your obedient servant,
THE POSTMASTER.

VICTORIA THEATRE.—There was another fine house present at the Victoria Theatre last evening, the occasion of Miss La Ross Russum's benefit. Among the audience we noticed His Excellency Governor Douglas and family. The entertainments were of the first order, and called forth great applause. This evening, "Macbeth" and the "Clockmaker's Hat," will be offered.

APPOINTMENT.—Mr. A. J. Langley has received an appointment from Governor Douglas as provisional member of the Legislative Council of this colony; and yesterday attended His Excellency on the occasion of the prorogation of the House of Assembly.

THE STEAMER "PANAMA."—The steamer Panama was at Portland on the 4th inst., the day the Santa Cruz left that place—and was advertised to leave for here on the 5th. She may, consequently, be looked for this morning.

FOOT RACE.—On Friday afternoon another foot race will come off between Knox the pedestrian and the "Butcher Boy," for \$200 aside—even race. Knox does not consider that he had a fair show in the run of Tuesday.

UP.—The bark W. B. Scranton was up for this port, and the bark Oak for Puget Sound, at San Francisco on the 29th ult. The bark Georgiana cleared for Nanaimo on the same day.

THANKS.—To Mr. Tatem, Wells, Fargo & Co's messenger, for late files of papers per steamer Santa Cruz.

The Santa Cruz will go to Nanaimo to-day for a cargo of coal on an order from the Portland Gas Works.

The steamer Otter will take up 40 tons of freight this morning.

IMPORTANT SUIT.—The case of P. M. Eder and A. Friedlander, vs. Hobart & Boyle is still on trial. It is a suit brought for damages sustained at Victoria, V. I., by an injunction issued at the suit of defendants, against the brothers of one of the plaintiffs, under which they (the plaintiffs) were restrained from selling their goods. They claim \$10,000 damages. Motion for nonsuit is now pending.—S. F. Bulletin.

The funeral of the Earl of Aberdeen took place on the 21st December, at Stanmore. The Bishop of Oxford performed the religious service. The pall-bearers were the Duke of Newcastle, Earl Clarendon, Sir James Graham, Mr. Gladstone, Mr. Cardwell, and the Earl of Dalkeith.

The war party of Vienna was said to have become very violent, and M. Schmerling had been obliged to threaten to resign in order to keep them within bounds.

The troops in Hungary were stationed in every part of the country in small detachments, so as to be able to form flying columns in all directions.

COMMERCIAL.

WEDNESDAY EVENING, Feb. 6, 1861.

Business continues extremely dull in staples, notwithstanding that a considerable quantity of case goods will go up by the Otter to-morrow morning, by which vessel some 40 tons of freight will be sent to New Westminster. Stocks generally in the markets are accumulating, and the supply of Flour, Bacon, Wheat and Oats, is good. The news from China of peace having been made, has had no effect as yet upon Rice and Sugar, though a considerable fall is anticipated. We notice sales of 110 bbls. Golden Gate Mills Flour at \$5 75 per bbl; and light sales of Oregon Flour at \$4 50 per bbl. 60 mats of China No. 1 Rice at 5 1/2 per lb. 2000 lbs extra clear American Bacon at 12c; 18 lbs do do, at 18c. 30 bxs Adamantine candles at 26 1/2; ruling rates, 27 1/2 per 30, according to quality. Small sales of No. 1 China Sugar have taken place yesterday and to-day at 8 1/2 per lb. East Boston Syrup, in 2-gal kegs is worth \$1 12 1/2 per gal; 25 per gal.

Memoranda.

Steamship Santa Cruz from Portland. Left Portland February 4th, at 6 P. M. Arrived at 9 A. M. February 6th. Experience fair weather and light northerly winds during the voyage. Left at Portland the Panama and Pacific. The Panama to sail on the 5th for Victoria and Pacific on the 6th for San Francisco.

CONSIGNEES.

Hudson Bay Co., F. J. D. St. Ours, Guild, David & Co., Edgar & Aime, Lester & Gibbs, W. Irwin, R. Broderick, G. Sutor, Koshland & Bros., Wells, Fargo & Co., and others.

PASSENGERS.

Misses, O'Brien, Gibson, Law, Loryea, Irving, Bell, Graham, Chambers, Lyons, McQuade, Northcroft, Farrell, O'Brien, Miss Davidson, Mad. Henata, Mr. Burhan, Mr. Tatem, and ten in the steerage.

I. D. LOWENBERG, REAL ESTATE AGENT.

East side of Government st., bet. Yates & Johnson.

WILL PAY PARTICULAR ATTENTION to selling, purchasing, and leasing property, to negotiating loans, and transacting everything connected with Real Estate business.

Maps of all the different Districts on the Island may be seen at his office. Parties desirous of purchasing Homesteads, or making investments, will find on my Bulletin Board Town Lots on nearly every street; Farming or Gardening Land in every District; some of which afford a rare chance for investment. Conveyances, leases, &c., drawn up at reasonable rates.

BLACKSMITHS' Coals at \$9.00 per Ton of 2,240 Pounds.

THE VICTORIA COAL COMPANY offer for sale One Hundred Tons superior Coals screened free from dust, and suitable for small stoves and grates, free of drayage and portage, in quantities of one ton and upwards.

JOHN T. LITTLE & CO., Agents, City Wharf.

BIRTH.
In this town, on Monday evening, Feb. 4th, the wife of Lewis Lewis, of a son.

Notice to Mariners.

ADMIRALTY HEAD, WHIDBY'S ISLAND, WASHINGTON TERRITORY.

Information has been received at this Office from Lieutenant N. Michler, Corps of Topographical Engineers, of the completion of the Light-house at Admiralty Head, on Whidby's Island, Washington Territory.

The structure consists of a dwelling, with a tower rising through the roof at one end, both painted white; the tower is surmounted by an iron lantern, painted red.

The illuminating apparatus is catadioptric of the fourth order of the system of Fresnel, and will show a fixed white light; the arc of the horizon to be illuminated is 270°.

The following data are furnished:

Height of tower from base to Focal Plane, 41 feet.

Elevation of base of tower above mean level of sea, 78 feet.

Elevation of Focal Plane above mean level of sea, 119 feet.

Latitude, 49° 9' 21.6" North.

Longitude, 122° 40' 8" West.

Or, in Time, 8h. 10m. 40.5s.

From Point Wilson it bears N. E. by E. (magnetic), distant 2 1/4 miles.

From Marrowstone Point, N. by W. & W. (magnetic), distant 3 1/4 miles.

From Point Partridge, S. E. by E. & E. (magnetic), distant 5 1/4 miles.

From New Dungeness light, E. by N. & N. (magnetic), distant 1 1/4 miles.

Admiralty Head commands the New Dungeness light, but is shut out from Smith's (Blunt's) Island light by Point Partridge.

The magnetic variation was 21° 40' East, in August, 1856, with a yearly increase of 1 1/4'.

This light will be exhibited, for the first time, on the night of the 25th January, 1861, and every night thereafter, from sunset to sunrise, until further notice. It should be visible in a favorable state of the atmosphere, from a height of fifteen feet above the water, at a distance of nineteen and a-half statute, or seventeen nautical miles.

By order of the Light-house Board.

WM. F. SMITH, Secretary.

Treasury Department, Office Light-house Board, WASHINGTON, Dec. 27, 1860.

NOTICE TO MARINERS.

LIGHT HOUSE ON RACE ISLAND, STRAIT OF FUCA, VANCOUVER ISLAND.

COLONIAL SECRETARY'S OFFICE, Victoria, 1st January, 1861.

NOTICE IS HEREBY GIVEN, THAT A Light is exhibited in the Light House recently erected on the Great Race Rock.

The Light is of the second order of Fresnel:

And exhibits a bright flash every ten seconds; it is elevated 18 feet above the mean high water level, and may be seen in clear weather 18 miles.

The structure consists of a keeper's dwelling of stone, with a tower of the same material.

It is situated in Latitude, 48° 17' 45" N.

Longitude, 123° 32' 15" W.

The following directions, furnished by Capt. Richards, are herewith published for general information.

By command of His Excellency the Governor,
WILLIAM A. G. YOUNG,
Acting Colonial Secretary.

CAUTION.

As strong tides and races occur in the neighborhood of the Race Rocks, they should not be rounded nearer than from half a mile to a mile.

A reef with 5 feet of water lies SE. by E. from the Great Race, distant 3 or 4 cables.

The Race Passage (between the Rocks and Bentley Island) may be used by steamers acquainted with the locality, but sailing vessels are by no means recommended to use it unless they are standing breeze.

The ebbs sets directly from the Haro and neighboring channels toward the Race Rocks, and vessels inward bound with the ebb, should give them a good berth before attempting a course for Esquimaux or Victoria Harbor.

From a mile off the Race Rocks a course N.W. leads to Esquimaux.

While the Light on Fisgard Island, at the entrance of the Haro, shows bright, a vessel is always in safety; it becomes dim or shaded, she will be too far to the Westward, and should immediately haul out; when it shows clear, she is in the right position, and the coast between Esquimaux Harbor and Trial Island.

GEORGE HENRY RICHARDS,
Captain H. M. Surveying Ship Plummer.

25th December, 1860.

NOTICE TO MARINERS.

LIGHT HOUSE ON FISGARD ISLAND, ESQUIMAUX HARBOR, VANCOUVER ISLAND.

COLONIAL SECRETARY'S OFFICE, Victoria, 1st December, 1860.

NOTICE IS HEREBY GIVEN, THAT A Light is exhibited in the Light House recently erected on the summit of Fisgard Island.

The Light is of the second order of Fresnel:

Shows bright when bearing from N. 2 W. to N. 60 W.

It is elevated 70 feet above the mean high water level, and may be seen in clear weather 10 miles.

(The bearings are magnetic.)

The structure consists of a keeper's dwelling of brick, with a tower of the same material, white washed, surmounted by an iron lantern painted red.

It is situated in Latitude, 48° 25' 38" N.

Longitude, 123° 27' 30" W.

The following directions, furnished by Capt. Richards, are herewith published for general information.

By command of His Excellency the Governor,
WILLIAM A. G. YOUNG,
Acting Colonial Secretary.

DIRECTIONS FOR ESQUIMAUX AND VICTORIA.

The Light Tower on the Race Rocks is completed, and the light, which is a flashing one every ten seconds, will probably be exhibited at the close of a few weeks. The height of the lantern above the sea is 18 feet. The Tower can be distinctly seen at the distance of 12 miles, and vessels should round it at a distance of from half a mile to a mile; the most off lying danger is a rocky patch of 5 fms lying S. E. by E. distance between 3 and 4 cables from the Great Race.

On rounding the Race Islands, Fisgard Island Light will be seen, and should be steered for, on a bearing S. 1/2 W., which will lead clear of the reef, extending a short distance off Albert Head.

The precautions to be observed are, to keep the bright light in full view, if a vessel gets too far to the Westward, it will appear dim, and shortly become entirely shaded, when she should immediately steer out to the Eastward, until it again shows bright.

This precaution is especially necessary on account of the tides, which, during spring, run as much as 6 knots in the neighborhood of the Race Rocks; the ebb runs almost in a direct line from the Race Rocks to the Haro, and between them and the shore; there are also tide races in the vicinity, dangerous for boats or small craft.

When above Albert Head, and desiring to anchor in Royal Roads, a vessel should steer for the Light to bear N. by W., when she will have 10 fathoms, good holding ground; or, if desired, she may stand to the Westward, until the light becomes shaded green, when she should immediately anchor.

Entering Esquimaux Harbor, the light should be left from one to two cables length on the port hand, and when the light shows red, she should stand to the Westward, until the light becomes shaded green, when she should immediately anchor.

When the light bears N. W. by W. in entering, it changes from bright to red, and shows the latter color within the harbor.

Entering Esquimaux from the Eastward, the light should not be steered for, as it shows bright, which is the mark for clearing Broth's Ledge, and the Race Rocks; when the light changes from red to bright, it leads about half a cable clear of the Race Rocks.

The course for the entrance of Victoria Harbor, after rounding the Race Light House, is N. E. (allowing for tides), and when Fisgard Island Light changes from bright to red, a vessel will be scarcely a mile from the shore.

Ships, however, above the size of coasters, unless acquainted with the neighborhood, are recommended not to run for Victoria Harbor at night, when they would not be able to enter, but rather to anchor in Royal Roads for daylight; with South-easterly winds and stormy weather, a ship should invariably run into Esquimaux Harbor, which she can do with great facility by the assistance of the light on Fisgard Island.

GEORGE HENRY

MISCELLANEOUS.

SAN FRANCISCO.

FOSTER, PATTEN & CO., (SUCCESSORS

to J. J. Haley,) Proprietors.

Having purchased the interest of Mr. Haley in this

well known Hotel, the subscribers beg to say to the old patrons of the house and the public generally,

that they have made many alterations and improvements, and refurnished and renovated the house

throughout in the most thorough manner, and have added an elegant private hall for the entrance of

ladies, and are determined that in the future the house shall possess all the requisites of a FIRST CLASS

HOTEL in every particular.

Our Mr. Patten has been bookkeeper for the house

for the past two years, and Mr. Foster has been connected with the ocean steamers of this coast for the

past eight years as purser, and cheerfully offers his services to families and others in procuring steamer

passage, in advance of their arrival here.

NO ADVANCE IN PRICES. Coaches of the Hotel

always in readiness. Ja23 3m

FOSTER, PATTEN & CO.

THE WORLD'S FRIEND!
Holloway's Ointment.

A Cure for Piles and Fistulas.

Inflammation of sensitive parts, piles, fistulas, and

such like painful diseases may be instantly relieved,

and ultimately cured, by the proper and diligent use

of this cooling and healing Ointment, whose action

should, in such cases, be assisted by judicious doses

of Pills, every many days have elapsed the anxious patient

will experience a wonderful degree of ease from this

treatment. They are equally suitable to both sexes, and all ages.

Coughs, Colds, and Asthma.

These complaints of the chest come on with alarming

frequency. The Ointment should be used, the chest

rubbed at least twice a day on the chest and between

the shoulders, when the violence of all symptoms will

gradually give way, the breathing become longer, and the oppression less. No medicines are more efficient

in chest complaints, none can be used with equal safety and certainty. Both Pills and Ointment

are accompanied by very clear and simple directions for using them.

A Man who refused to have his Leg off.

"From the Kilrush Advertiser, June 2nd, 1860."

BEVERLY COLE, Esq., Magistrate, said in the Board Room at Kilrush, that he knew a man who had

been in the Infirmary and was actually turned out as incurable, on his way home to Kilrush, he

purchased at Ennis, Holloway's Pills and Ointment, for, as he said, it could not be worse with him. This

man, said Mr. Cole, became by their use as sound and as healthy as any man in the room. These celebrated

Pills and Ointment will cure any wound, sore, or ulcer, however long standing, if properly used according to the printed directions.

Gout and Rheumatism.

The essence of these diseases lies in the blood, which

floats through each vessel, the pain giving

poison, which irritates and inflames every tissue it

comes in contact with, and produces the hot, swollen, elastic enlargement about the joints so characteristic

of gouty diseases. The philosophy of cure consists in overcoming this depravity in the blood, which is

rapidly purified by the use of the Pills. The Ointment, when rubbed upon the skin, penetrates the

system through the pores, acts in unison with the Pills, and soon effects a cure.

Dropsy, Swollen Legs or Ankles.

The various kinds of dropsy, whether windy or

watery, arise from some obstruction to the free circulation through the blood vessels or lymphatics, or de-

pendent upon the inflamed state of some secreting surface. Holloway's remedies, of which the efficacy cannot be

exaggerated, act directly upon the blood, the absorbents and secretions, with a power that no dropsy

however inveterate, can long resist. They regulate the proper flow of blood in every organ, and purify

the system, they filter out everything that is morbid or injurious,—they thoroughly regenerate every func-

tion, yet potent as they are for good, they are power- less for evil. They do not contain mercury or any

noxious substances. They not safely and certainly.

Bad Legs, Bad Breasts, and Old Ulcers.

This invaluable Ointment was never known to fail

in the cure of any wound, any sore, or any ulcer, as can be proved by innumerable testimonials from

persons who had been discharged from Hospitals as incurable, and yet by perseverance they have been

made as sound as they were the day they were born, by this incomparable Ointment. For pimples, blotches, scald heads, and scorbutic humours, it is equally

efficacious.

Both the Ointment and Pills should be used in the following cases:

Bad Legs, Chlozo foot, Fistulas, Sore-throats, Bad Breasts, Gout, Skin-diseases, Burns, Clapdied Hands, Scurvy, Corns (Soft), Swellings, Sore-heads, Bites of Mosquitoes, Cancers, Lumbago, Tumours, Contracted and Piles, Rheuma- Wounds, Cocks-bay, Elephantiasis, tism, Yaws, Scalds, Sore Nipples.

There is a considerable saving by taking the larger sizes.

A. B.—Directions for the guidance of patients in every disorder are affixed to each Pot. n3
